# ABOUT US

---

## Who Are We?

The Unusual Pet Vets have clinics operating in Perth, Brisbane and Melbourne and our team consists of some of the leading exotics vets and nurses in Australia.

We work with a range of species, including rabbits, birds, reptiles, ferrets, amphibians, guinea pigs, rats, mice, fish and even some insects. If you are passionate about the education, welfare and care of these species, this may be the job for you.

# AVAILABLE POSITIONS

---

## Balcatta - Full Time Vet

Your week would involve 3 weekday shifts (8am-6.30pm) and 1 in 4 weekends (8.30am-5pm Saturday, 9.30am-4pm Sunday). This gives an average of 35-36 hours a week. You would be joining our current 5 vet team with good mentoring provided both locally and from our team in other states.

## Balcatta - Permanent Vet Nurse

Your week would involve 3 weekday shifts (8am-6.30pm) as well as the opportunity to pick up some additional weekend and weekday shifts as they become available. This gives an average of 31.5 hours a week plus the option for more when available.

## Murdoch - Casual Vet Nurse

This would be a casual role with sporadic shift availability however allows the right applicant a 'foot in the door' to gain exotics experience and have first access to future opportunities.

# CANDIDATE INFO

---

## The successful candidates will be:

- Passionate about exotic-only practice.
- Striving to practice a high standard of medicine and surgery and want to work with other vets and nurses who are like-minded.
- Great with clients and an effective communicator in the workplace.
- Be hard-working, well organised, efficient and reliable.
- Looking for a long-term position in which you can develop and invest in a career with us.

## Additional Information:

- The successful candidates must be able to start work without any sponsorship needed.
- We are not looking for overseas candidates.
- There will be a probation period from the starting date.
- Start date is flexible for the right candidate.
- Please note that whilst we do a small amount of wildlife work, this is not our main focus and therefore this is not a position for an individual wanting a wildlife-focused.
